The REP-19LCD-RM115 is Epsilon's 19" display offering significant benefits with respect to dimensions, ruggedization and video quality. The 19LCD combines unmatched mechanical integrity with exceptionally low weight to provide a unique, rugged display solution, especially for applications where space and weight are critical.

The REP-19LCD-RM115 features a 19" Active Matrix Liquid Crystal Display 1280 x 1024 (SXGA) offering excellent performance in terms of brightness, crispness, contrast and viewing angle. The bezel and mounting can be customized to address virtually any mounting need in any application. Additionally, the REP-19LCD-RM115 combines this high level of performance and versatility with a very competitive price/performance value.

Epsilon's displays have been designed and qualified for application in the most hostile environments. Epsilon's rugged displays are well suited for specific naval combat, army and airborne applications.
